MODEX

'Exhibiting ideas...'

INTRODUCTION

It is an all India technical model exhibition which encompasses the exposition of the static and dynamic models, whereby the stealthy potentials of the youth are unveiled. The motto of this superfluous segment is-

"EXUDE THE LIGHT OF INNOVATION".

This is the only event exclusively chalked out to court participation beyond the walls of technical institution so as to scoop out the essence of innovation from every nooks and crannies of the region. The event showcases the acumen of the participants to implement their imagination to real world models.

TASK

The task is to construct a Model either static or dynamic, in order to explain any phenomenon of Science and Technology or to depict the working of any application of engineering studies.

RULES

- The Models must give a clear idea of the entity that you want to depict.
- The maximum number of participants per team is 3.
- Open for all years and participants must show proper ID cards of their institutions.
- The Model can be from any field of your choice of ENGINEERING DOMAIN, SCIENCE etc.
- Participants have to report at least one hour before the commencement of event.
- In case of Dynamic Models requiring power supply, the organizers will provide 230V, 50 Hz AC power supply. Any extension cords, eliminators, adaptors or battery box etc. required will have to be arranged by participants themselves.
- To setup the Model at the site of display is the sole responsibility of the participants and the organizers shall in no way be liable to providing assistance in doing so.

In case of any discrepancy the decision of judgement panel will be final and binding.

INCENTIVES: Prizes to be won worth INR 8000.

Event In-charges: PAYEL GORAI
