MATLAB

MATLAB (matrix laboratory) is a multi-paradigm numerical computing environment and fourth-generation programming language. A proprietary programming language developed by Math Works , MATLAB allows matrix manipulations , plotting of functions and data, implementation of algorithm, creation of user interfaces, and interfacing with programs written in other languages, including C , C++, C#, Java, FORTRAN and python. This round will be related to MATLAB codes. A set of problems (programs) will be given which need to be solved or debugged in MATLAB platform.

RULES

1. There will be two members in each team.
2. For each wrong answer, 0.5 marks will be deducted and for every correct answer 3 marks will be awarded.
3. In case of tie the team taking minimum time wins.
4. The competition will be on first come first serve basis. The maximum no. of participating teams is 50.

IMPORTANT POINTS
- Participants should bring their own laptop.
- MATLAB must be installed in the laptop.
- It will be a time dependent competition.

In case of any discrepancy the decision of judgment panel will be final and binding.

INCENTIVES: Prizes to be won worth INR 3000.

Event In-charge: SHUBHAM RAJ +91 9199106328
